

DJ Noel Miller - The Sugar Lounge

'Pushing boundaries with panache'

Be ready for the journey....

That's the vocal hook from Mario Piu's and Mauro Picotto's

"Arabian Pleasure",

I have a belief in my craft as a DJ, that I have found my audience, and they have discovered a smart sexy mix of jazzy, soulful dance music punctured with Brazilian, Latin, European, African, and Middle Eastern Rhythms.

Basically, there is nothing you might not hear - from quality jazz - fusion thrown between two House tracks, to a mid-fifties French song, to a Latin fused reggae set.

Music has changed, it's been fused with international world beats with influences from around the world. So, in 'The Sugar Lounge' you can expect a tireless journey of chances, pushed boundaries with a sense of panache, style, and sophistication, with me leading the way searching endlessly for yet another groove to share with you.

Music Style: R&B, Soulful House, Jazzy Beats and a mixture of Chilled and International Grooves.

Venues: Wine bars, Lounge rooms, Private parties, Dinner parties, Showcases, Fashion shows, Art galleries, Beach clubs and Hotels.
